POND WISER, INC

THE POND PAPER

Another way to make you POND WISER, LAWN WISER and HOME WISER

A perfect summer day is when the sun is shining, the breeze is blowing, the birds are singing, and the lawn mower is broken.
~ James Dent

Pond Wiser

We are celebrating our 35th wedding anniversary in August, and Denny outdid himself - he bought me an island!! Sort of...

Her name is Lady Lucy and she is sitting on an island made for water gardens. These features provide a cover for fish as well as shade and can be planted with aquatic and hardscape perennials or annuals. Besides Lady Lucy, we also added shells and rocks. You can even add sod if you so desire.

Feel free to stop by and see the island yourself or call or e-mail Denny if you would like to inquire about your own private island.

Bug Wiser Trivia

I don't know how I missed the fact that July was National Ice Cream Month and the third Sunday in July was National Ice Cream Day. President Reagan signed the proclamation on July 9th, 1984. Grab your favorite ice cream and scoop up the trivia...

- One of the most important ingredients in ice cream is air. Without air, ice cream would be hard.
- Immigrants on Ellis Island were served ice cream as part of their first meal in America.
- The world record for the largest ice cream scoop pyramid was made of 3,894 scoops.
- More ice cream is sold on Sunday than any other day of the week.
- The US enjoys an average of 48 pints of ice cream per person, per year, more than any other country.
- 80% of the world's vanilla bean used for ice cream is grown in Madagascar.
- Chocolate syrup is the most popular ice cream topping.
- "Brain freeze" is triggered when ice cream touches the roof of the mouth on a hot day causing blood vessels in the head to dilate.

**WATER GARDENS, PONDS, LAKES
& LAWNS PLUS HOME REPAIRS**

We are a proud supporter of Stark Parks.

It'll Be Here Before You Know It

You know what I'm talking about - winter! It's hard to wrap our brains around the fact that in a few short months this heat (which I must admit I don't like) will be gone and we will be thinking about winterizing water gardens.

New (meaning you've never had us winterize your pond before) clients, listen up! We will be offering a coupon on the home page of The Canton Repository's website (cantonrep.com) on Tuesday, August 9th, for \$25 off water garden winterizing. Jump on their website and then hop on the phone (330-685-3637) or computer (dray@pondwiser.com) to schedule .

We love the sun, but it's not kind to our faces. Turn back the hands of time with a relaxing facial. Our good friend, Lori Roof, is a Licensed Managing Esthetician at the 77 Sunset Strip Salon located at 6350 Promler Ave NW, North Canton. Turn off Dressler onto Promler by Brown Bag Burgers and Danny Boy Pizzeria. The salon is on the right hand side. Call Lori for an appointment at 330-497-1665. She gives an amazing facial!

THE DR IS ALWAYS IN AT
