My mom was the epitome of a green-thumbed gardener. She could grow the most beautiful plants and flowers in some of the worst soil conditions. I never thought too much about it, but she was teaching me from the time I was little. I suppose God knew she was preparing me for what I would need to know and love in the future. I can recall from a very young age following her around the yard and her telling me about the peonies that grew the entire length of our driveway, or how to save seeds from the long row of four-o'clocks and the portulacas that lined our long back walkway.

A service we have started offering a few years ago is

flower planting. This season I am going to be creating beautiful flowers in vintage containers that will be for sale. The cost will include delivery in Stark County and outside the county if you are a current client. I will be posting the completed planters on Facebook and Instagram, so follow us to see when they are available. In the meantime, here are pictures of past creations. If you would like to have your

own containers planted, give me a call at 330-833-FROG. All the ones I will be selling will be in vintage containers; no plastic or reproduction items.

~ Kathy

## Little Bigger

Have you downloaded our mobile app yet? Well, what are you waiting for? It's a great way to stay in touch with everything Pond Wiser and we've added a tab for all the tadpoles out there. You will find maz-

es, coloring pages, a song, nature trivia, and our new game, Little Bigger. It starts out like the game Frogger, but get to the lily pads and see "hoppy" moves. It is a family-friendly app.

Check our mobile app the first of each month for great money-saving specials. To date, we've offered savings on goose control, aerator storage, and lawn treatments. Download today!
